

PRELIMINARY REGISTRATION CARD

13th IUPAC International Conference on Novel Materials and their Synthesis (NMS-XIII)
15th -20th October, 2017, Nanjing, China

Please type or print, and mail or email to Conference Secretary: Prof. Lijun Fu or A/Prof. Yusong Zhu before **28th February, 2017**, or pre-register via the web: www.nms-iupac.org.

Surname: _____ First name: _____

Title: Prof. Dr. Mr. Ms.

Institution and address: _____

Fax _____ Email: _____

I intend to submit an Invited Lecture an oral presentation a poster session . I wish to receive 2nd circular

The title of paper (tentative): _____

Accompanying person, Name: _____

Title: Prof. Dr. Mr. Ms. Relation: _____

SOCIAL PROGRAM

Mixer, free one-day city excursion and banquet will be arranged during the Conference. Ladies programs are also planned.

REGISTRATION

RMB 4000 (about 620 US dollars) for each active participant, RMB 2000 (about 310 US dollars) for each student and accompanied participant.

HOW TO GO TO NANJING

Nanjing is the capital of Jiangsu Province. You can easily transfer from almost any large airport in China such as Beijing, Shanghai, Guanzhou, Shenzhen, Kunming and Xi'An to Nanjing Airport.

POST-CONFERENCE

21st-22nd Oct., 2016

Visit some institutes and places of historic interest around Nanjing.

EXPENSES FOR ACCOMMODATIONS

Expenses for hotels and meals will be about RMB 400-1000 per day for a single person during the Conference and Post-Conference.

SITE AND PERIOD

Nanjing Tech University (南京工業大學)

Nanjing (南京), China

15th -20th October, 2017

SCOPE:

The Conference is intended to provide for the exposition and discussion of research on novel materials including their preparation, characterization, properties and applications. Topics presented will be as the follows:

Symposium A: Novel biomass, biobased, medical materials and composites, their preparation, properties and applications.

Symposium B: Novel preparation methods for organic compounds, their properties and applications.

Symposium C: Novel polymers such as conducting, semiconducting ones, supramolecular (supermolecular, dynamers), fibers, and their preparation, properties and applications.

Symposium D: Novel energy systems including fuel cells, solar cells, lithium batteries and supercapacitors, and their key materials, performance and applications.

Symposium E: Novel nanomaterials such as one-, two-, and three- dimensional (1D-, 2D- and 3D-) nanomaterials, their characterization and application.

Symposium F: Novel ceramic/organic materials such as perovskite, super-conductors, electronic, diaelectric, ferroelectric, piezoelectric, optoelectric and magnetic materials, their preparation and applications.

Symposium G: Novel materials related to coal, carbon, fullerene, grapheme, graphite, and their applications.

Symposium H: Novel eco-friendly materials, environmental engineering and contamination control: their preparation, characterizations, properties and applications.

Symposium I: Novel materials for fuel production, conversion or storage.

Symposium J: Other novel materials including perfumes, agricultural chemicals, photosensitive materials, displaying materials, fine ceramics and alloys, their preparation, properties and applications.

Symposium K: Novel characterization methods and application in fundamental and applied researches on materials.

METHOD OF PRESENTATION

Plenary lectures (45 min each), keynoted invited lectures (30 min each), invited lectures (20 min each), oral presentation (10 min each) and poster sessions.

ABSTRACTS

All speakers are requested to submit an abstract of their talk of one full page (200-500 words). The typing area of each page should be no more than 16 cm wide by 23 cm deep. If there are several authors on the abstract, please underline the speaker. The abstract should be submitted via the web of the Conference <www.nms-iupac.org> before 31st July, 2017. If there is problem, please email to <nms@fudan.edu.cn>.

LANGUAGE

The official language of the Conference is English.
