### SITE AND PERIOD

Shenyang University of Technology (瀋陽工業大學)

Shenyang (瀋陽), China

06 -11 September, 2019

### SCOPE:

The Conference is intended to provide for the exposition and discussion of research on novel materials including their preparation, characterization, properties and applications. Topics presented will be as the follows:

**Symposium A:** Novel biomass, biobased, medical materials and composites, their preparation, properties and applications.

**Symposium B:** Novel preparation methods for organic compounds, their properties and applications.

**Symposium C:** Novel polymers such as conducting, semiconducting ones, supramolecular (supermolecular, dynamers), fibers, and their preparation, properties and applications.

**Symposium D:** Novel energy systems including fuel cells, solar cells, lithium batteries and supercapacitors, and their key materials, performance and applications.

**Symposium E:** Novel nanomaterials such as one-, two-, and three- dimensional (1D-, 2D- and 3D-) nanomaterials, their characterization and application.

**Symposium F:** Novel ceramic/organic materials such as perovskite, super-conductors, electronic, dielectric, ferroelectric, piezoelectric, optoelectric and magnetic materials, their preparation and applications.

**Symposium G:** Novel materials related to coal, carbon, fullerene, graphene, graphite, and their applications.

**Symposium H:** Novel eco-friendly materials, environmental engineering and contamination control: their preparation, characterizations, properties and applications.

**Symposium I:** Novel materials for fuel production, conversion or storage.

**Symposium J:** Other novel materials including perfumes, agricultural chemicals, photosensitive materials, displaying materials, fine ceramics and alloys, their preparation, properties and applications.

**Symposium K:** Novel characterization methods and application in fundamental and applied researches on materials.

### METHOD OF PRESENTATION

Plenary lectures (45 min each), keynoted invited lectures (30 min each), invited lectures (20 min each), oral presentation (10 min each) and poster sessions.

### ABSTRACTS

All speakers are requested to submit an abstract of their talk of one full page (200-500 words). The typing area of each page should be no more than 16 cm wide by 23 cm deep. If there are several authors on the abstract, please underline the speaker. The abstract should be submitted via the web of the Conference <[www.nms-iupac.org](http://www.nms-iupac.org)> before 30st June, 2019. If there is problem, please email to [nms@fudan.edu.cn](mailto:nms@fudan.edu.cn) / [nms15@sut.edu.cn](mailto:nms15@sut.edu.cn).

### PAPER PUBLICATION

On behalf of the guest editorial member of **Arabian Journal for Science and Engineering**, we would like to invite you to contribute a paper to a special issue for this Conference.

### LANGUAGE

The official language of the Conference is English.
